## II Seminars for students, graduate students and young scientists "Applications of electrochemical analysis"

### Venue

Ivan Franko Lviv National University  
Kyryla and Mefodia str. 6  
79000 Lviv  
Ukraine

### Categories

chemistry; laboratory equipment; process technology

### Description

Dear Colleagues,

We invite you to attend the second scientific seminar for students, graduate students and young scientists

The workshop will be considered following problems:

- The use of electrochemical methods for analyze the environment, biological substrates, in pharmaceutical chemistry, etc.;
- Chemical and biochemical sensors and detectors: construction and use in the analysis .

During the workshop planned excursions and cultural entertainment

We appeal to you to deliver requested information to all stakeholders, scientists, working on specific problem.

The working language of the seminar:  
Ukrainian, English

There will be oral and poster messages.  
Abstracts will be published in a separate book.

All event will be taking place at at: Lviv,  
Lviv National University  
Ivan Franko  
Department of Chemistry,  
st. Cyril and Methodius, 6

Registration fee for participation and publication of abstracts:

- 60 grn (6 €) for students.
- 80 grn (8 €) for postgraduate students and young scientists.

Payment of fee in cash upon arrival.

For more information contact us by e-mail.
